Ukrainian Medical Association
Vasilkivska 45
03027 Kyiv

Dear Dr Oleg Musii,
President of the Ukrainian Medical Association

I am writing you as president of the Swedish Medical Association to let you know that the thoughts of your Swedish colleagues are with you in this extremely difficult time. We were shocked, horrified and appalled to learn yesterday of the Russian invasion of your country. We can only imagine the immense human suffering this brutal and unacceptable attack will have on the Ukrainian people, including physicians and health workers. The Swedish Medical Association strongly supports the call of the World Medical Association on Russian leaders to respect the work of doctors and nurses and the neutrality of health care institutions.

Our thoughts are with you.

Sincerely

Sofia Rydgren Stale
President of the Swedish Medical Association
