Dear Hand surgeon,

The Finnish Society for Surgery of the Hand (FSSH) invites you to join the **Lapland meeting to Ylläs, Finland**. This exceptional place offers us the most beautiful winter nature and excellent surroundings for science and fun.

We will offer you the most interesting scientific program. You will find new ideas, surgical techniques and latest and most noteworthy experiments. The Focus of the meeting will be **Hand transplantation and prosthesis, Hand trauma, Wrist problems, Nerve surgery, Artificial intelligence and new techniques in hand surgery**.

Keynote speakers

- **Prof. Martin Posner, USA**
- **Prof. Hitoshi Hirata, Japan**
- **Dr. Pierluigi Tos, Italy**
- **Dr. Patrik Lassus, Finland**
- **Dr. Radek Kebrle, Czech Republic**

The other speakers of the meeting include international specialists as well as Finnish leading authors. There will be free paper session as well as a sponsor exhibition.

Congress Venue, Kellokas is the lounge, event centre, and unique nature window of all visitors in Ylläs. The meeting-venue building and hotels are all located in the beautiful fell surroundings. Besides the high quality scientific program you will enjoy good services, relaxing atmosphere and diverse natural environment. There will be excellent facilities for all kind of winter sport too. Ylläs is accessible by flights from Helsinki as well as train and bus connections (see webpage for more information).
