JOINT NORDIC MILITARY MEDICINE SOCIETIES ONLINE MEETING

Dear members of the Nordic Societies of Military Medicine, please join the WINTER WEBINAR as a collaboration of the societies of military medicine of Denmark, Finland, Norway and Sweden.

THE CIOMR CONNECTION

LTC Johan Storm Munch (NOR), former President of the Interallied Confederation of Medical Reserve Officers (CIOMR) and current Chair of its Military Medical Committee will give a brief introduction to the professional CIOMR network that made this Nordic–U.S. exchange possible.

LESSONS LEARNED FROM OPERATION EPIC FURY – IMPLICATIONS FOR NATIONAL PREPAREDNESS FOR LARGE-SCALE COMBAT OPERATIONS

On 1 March 2026, a drone strike on the U.S. 103rd Expeditionary Sustainment Command headquarters killed six Army Reserve soldiers and wounded dozens. COL Peter Olsen was subsequently reassigned to Walter Reed National Military Medical Center, where he coordinated care for wounded soldiers and support for their families. Drawing on this experience, COL Olsen will discuss lessons shaping the U.S. Army's modernization of care for wounded, ill, and injured personnel. His presentation will address patient movement, care coordination, administrative and life support, command and control, and preparedness for large-scale combat operations, with relevance to allies and partners. A U.S. Army Medical Service Corps officer, COL Olsen has more than 25 years of leadership experience in healthcare organizations. He has deployed twice to Afghanistan and once to Iraq, most recently serving as medical advisor and senior medical staff officer to the Chief of the U.S. Army Reserve. He also served for several years as the U.S. National Vice President to CIOMR.
